

## THE COMPASS

- Photographer stands on outer ring shooting in towards the subject. Start position is normally on A
- Mum-to-be remains within the centre of the compass looking outwards
- Father, siblings or partner stand within the inner circle and move around the center looking inwards. Start by standing behind the Mum-to-be in Position 1
- Use the compass to systematically visualise and select poses throughout a portrait session
- Use a marker to circle which poses you have done or intend to do
- Starting pose is normal A-1 with Mum-to-be in front with partner behind her, both looking forward and the camera face on
