

SITTING POSITION

1

CRADLE POSITION

1

- Lens focused on eye with wide aperture at f4 to allow depth of field for bump but not for any further background
- Head looking slightly down - be aware of double chin
- Eye gaze fully towards her bump
- Incident light meter reading taken on side facing towards the camera
- Shutter speed was increased by one stop to darken face into a partial silhouette
- Image shot above her eye line
- 6th floor bedroom window - East London
- f4 - 1/125 - ISO 640 with 85mm lens
