POSTURE POSITION

3

FASHION POSITION

2

- Lens focused on eye with wide aperture at f1.2 to allow very shallow depth of field and backlight wrap
- Head looking slightly down - be aware of double chin
- Eye gaze fully towards her bump
- Incident light meter reading taken on side facing towards the camera
- Shutter speed was decreased by one stop to lighten overall image and increase backlight wrap and flare
- Image shot in line with her eye line - be aware of wide apertures and eyes staying in focus
- Large white reflector used to bounce light back towards her
- f1.2 -1/250- ISO 640 with 85mm lens
